

D10 PRODUCT OVERVIEW

The 9' 10" (3.00 m) sit-in D10 recreational model is designed to be the best in every aspect to exceed recreational paddlers' expectations. ASCEND designers have created a lightweight open-access boat with class-leading stability, while still providing superior performance and

exceptional comfort in a well-thought-out ergonomic design. Packed with many features found on higher-priced kayaks, the D10 sit-in kayak delivers exceptional performance on the water at an exceptional value.

Tunnel Hull Design: Custom-crafted for increased primary and secondary stability and solid directional tracking for increased speed and stability.

Removable Seating System: Advanced ergonomic seat design with great adjustment capabilities and all-day comfort. Can be removed for use onshore.

Transport Hold Downs: Friction-lock bungee hold downs keep seat in place during transport, loading, unloading or when you're entering or exiting the kayak.

Adjustment Strap: Single strap for easier seat back angle adjustment.

Multipurpose Dash: 2 deep molded catch-all trays and drink holder.

Bungee Paddle Keepers: Port and starboard paddle keepers with bungees.

Bow & Stern Bungees: Allow multiple configurations for maximum stowage.

Stern Cockpit Storage: Expanded cockpit behind the seat for additional stowage. Holds up to a 36-qt. (34.07 L) cooler.

Comfort Grip Handles: Molded-over rubber grip handles on bow and stern make transporting the kayak much easier.

Expanded Cockpit: Large, open design allows more mobility, cargo management flexibility and simple entry and exit.

Foot Braces: Adjustable foot braces allow a comfortable fit for anyone approximately 5' 2"-6' 2" (1.57-1.88 m) tall.

Drain Plug: Threaded, sealed drain plug allows you to easily drain excess water from the boat.

Mesh Sternwell Cargo Cover: Fully adjustable to hold down all types of gear, while allowing easy access to cooler from the seated position.

Paddle Holders: Quick-hold molded paddle holders integrated into the cockpit ring allow for a temporary break from paddling.
